Lead

I have an insatiable longing for you.

I am unable to stop wanting you.

I stand here now hoping for more of you.

I can't bear being away from you.

Choir

I have an insatiable longing for you.

I am unable to stop wanting you.

I stand here hoping for more of you.

I can't bear being away from you.

Bridge (Lead)

So I praise my way

Worship my way

Into your presence

Just to be closer to you

Choir

I praise my way

Worship my way

Into your presence

Just to be nearer to you

Chorus

Fill me to overflowing

And it still won't be enough

Give me a new outpouring

And it still won't be enough

And it's never gonna be

Until see your face

I won't be satisfied

Until I hear you say,

It's enough.
