Lead

Knew me before I was born
The steps that I would make
The pathway I would take
But you loved me and you died
So that I might have new life
I can't repay you for your love
So I'm giving you my life.

Chorus

Loved me and cared for me
My mistakes you overlooked
You never gave up on me
Even though I thought you would
I can't repay you for your love
I can't repay you for your peace
I can't repay you for Calvary
So I give my life as a sacrifice
To remind me of what you've done for me
