Verse One

I'm all alone, no friends beside me, I'm in a dark place, with no light to guide me.
All hope is gone, my faith is empty, I cried oh Lord, Oh, Lord please help me.
I hear a voice, my child I am here, and if you'd only worship, you would feel my presence near.
I'm always by your side, you are never alone. All you have to do is give me your highest praise.

Chorus

That's why we worship,
That's why we praise
So that you (*unison – sopranos and altos*)
Would hear us when we pray.
Satan has to move, He cannot stay.
When we give God
Give God the highest praise

Verse Two

Now my hope is lifted, the darkness gone, I feel like I have the strength to carry on.
My praise is sincere; it's now from the heart, I know now that Lord true worship, is what you want.
Victory is in my hand, and the Lord is in my heart, the next fight I am going to win, I'll just worship from the start.
Defeat I will not know, because the Lord is on my side, All I have to do is give God my highest praise.

Chorus

Bridge

So we worship in spite of our trials,
Yes, we worship in spite of our tests
We lift our hands – [*Tenors*]
We lift our hands – [*Sopranos*]
We lift our hearts – [*Tenors*]
We lift our hearts – [*Altos*]
To give God,
Give God the highest praise

This is how we worship...
This is why we worship...

When we give God, give God the highest praise (3x)
